Our Product, Our Promise.

When you work with deverus, you get more than intuitive software and advanced security. You also have access to the very thing that makes the company so great—the people.

The deverus team is comprised of industry leaders and innovators in HR technology. Not only do we promise the highest level of product quality, but we're here to help you along the way. deverus offers free lifetime technical assistance to all Electronic I-9 clients.

deverus has quickly become the most trusted name in background screening software; annually, the company powers well over 10 million background checks for its clients, including Fortune 500 companies. Now, deverus is bringing the same automated efficiency and data security to the world of Electronic I-9s. With features like detailed audit tracking and an intuitive interface that mirrors the paper I-9 form, deverus delivers an advanced, user-friendly product that saves HR Managers valuable time, money, and training. The Electronic I-9 system is backed with the same customer service and quality promise that deverus has been upholding since 1999.
